Main Author’s Certification of Non-overlapping Material

To: Dr. Peter Chen
   Editor-in-Chief, Data & Knowledge Engineering (DKE) Journal

Reference:
   Paper Title: ____________________________________________

   ____________________________________________

   Paper ID# (if known): ______________________________________

I certify that this paper or a similar version has not been published or submitted for consideration for publication elsewhere. I also certify that there is no more than 30% overlapping material between this paper and my (and my co-authors’) past and future publications.

I certify that I will not submit this paper or a similar version elsewhere before I get a “decline-for-publication” decision from the Editorial Office of the DKE Journal. I understand that I have the right to withdraw the paper before an editorial decision is made by the DKE Journal Editorial Office. I will not submit the paper elsewhere unless I receive a confirmation message from the DKE Journal Editorial Office of the receipt of my withdrawal notice.

If I (or my co-authors, if any) violate this certification, I understand that the Editorial Office of the DKE Journal may inform the whole community (and the employers) of the violations and may impose restrictions of future submissions and publications of any paper from me (and my co-authors) for a fixed number of years or forever.

This certification also applies to all the co-authors (if any) of the paper. My signature below indicates that I have obtained the agreement of this certificate from all the co-authors.

Author’s Signature: ____________________________________________

Full Name: ___________________________________________________________________

Organizational Email: ____________________________________________

Date: ___________________________________________________________________

Employer: ___________________________________________________________________
